

Vikan

# Hygiene Catalogue

Where some say  
"your work",  
we say  
"your purpose".

## A different set of eyes

When Vikan visits a food processing plant, we see it through a different set of eyes. Where some see equipment and raw materials, we see risks and opportunities. Where some see brushes, brooms and mops, we see solutions to hygiene challenges. Where some say "your work," we say "your purpose." Because people who clean these facilities or otherwise work with hygiene are on the front line of keeping our food a delight to serve and safe to eat.

At Vikan we've been looking at food and beverage plants and other hygiene-sensitive environments in this way since 1898. Through integrity, diligence, ingenuity and drive, we've amassed the industry's biggest bank of hygiene and regulatory insight.

Based on this insight, we've developed the world's most effective professional range of cleaning tools and advisory services. All to make sure that you can deliver each and every product you manufacture with pride and confidence.

## Wall brackets

Keep your cleaning tools organised, increase their durability and service life, and minimise the risk of audit non-compliance with our comprehensive range of stainless steel and plastic wall brackets and bucket brackets.

- Stainless steel wall brackets are strong and durable and hold between 1 - 6 cleaning tools.
- Plastic wall brackets are available in 12 different colours and hold between 1 - 5 cleaning tools.
- Stainless steel bucket brackets enable our buckets to be stored hygienically upside down.

### Wall Bracket, 240 mm

Item no.: 0615	240 mm	100 °C	1 Pcs.
----------------	--------	--------	--------

Material: Polypropylene

### Wall Bracket for 1 product, 48 mm

Item no.: 0616	48 mm	121 °C	1 Pcs.
----------------	-------	--------	--------

Material: Stainless Steel (AISI 304)

### Wall Bracket for 4 Products, 305 mm

Item no.: 0617	305 mm	121 °C	1 Pcs.
----------------	--------	--------	--------

Material: Stainless Steel (AISI 304)

### Wall Bracket for 6 Products, 460 mm

Item no.: 0618	460 mm	121 °C	1 Pcs.
----------------	--------	--------	--------

Material: Stainless Steel (AISI 304)

### 6 Spare part pins for 1011x & 1013x

Item no.: 1001	67 mm	121 °C	25 Pcs.
----------------	-------	--------	---------

Material: Polypropylene

### 3 Spare part rubber bands for 1011x & 1013x

Item no.: 1002	120 mm	121 °C	20 Pcs.
----------------	--------	--------	---------

Material: TPE Rubber

Spare part Grip Band Module for 1011x, 1013x & HyGo, 5700x

FDA Item no.: 1003

80 mm

121 °C

15 Pcs.

Material: Polypropylene; TPE Rubber

Spare part hook for 1011x, 1012x & 1014x

FDA Item no.: 1004

121 °C

10 Pcs.

Material: Polypropylene; Polyamide

Bracket for bucket, 5686x, 5688x, 5692x  
and 5694x, 370 mm

Item no.: 16200

Material: Stainless Steel (AISI 304)

# Brushes

Vikan offers a very wide range of highly effective, durable brushes and brooms in various shapes and sizes for use in a multitude of applications in every industry setting. There are brushes for food and beverage applications, general cleaning, and vehicle cleaning, in a range of highly specialised designs.

Our brush and broom range includes several Ultra Safe Technology (UST) products, which feature hygienic design making them suitable for use in high-risk environments.

- All brushes and brooms are designed with ergonomics in mind from the dimensions of their handle to the angle of their bristles.
- A wide range of bristle options are available including short, long, split, soft, medium, hard, mixed, heat resistant, and angle cut making it possible to find a brush or broom that meets your needs.
- Scrubbing brushes and brooms are ideal for wet or dry cleaning of stubborn dirt
- Soft brooms are ideal for sweeping powders and other loose dry material.
- Some brushes and brooms are also available as water-fed options.
- Easy-to-clean UST brushes reduce the risk of contaminant build-up on the cleaning tools themselves.

Broom, Angle Cut, 290 mm, Very hard

FDA   
Item no.: 2914

# Buckets

Store, transport, mix and clean products of any type with award-winning Vikan buckets and lids. Hygienic, ergonomically designed and stackable, these bucket systems are remarkably versatile and easy to work with.

- Hygienically designed buckets hold 6, 12 or 20 L.
- Strong and durable with stainless-steel handles.
- Temperature and chemical resistant.
- Available in a range of food contact compliant colours.
- Ergonomically designed.
- Feature easy-to-read measures.

Bucket, Metal Detectable, 12 Litre

# Squeegees

Effectively remove both liquids and debris with Vikan's pioneering range of squeegees. Choose from,

- Floor and hand squeegees – featuring high density foam blades and easy to replace blade cassettes. Highly efficient at removing liquids from surfaces, and cost effective. Available in fixed and swivel necked, hand held and floor cleaning options and with easy to remove cassettes.
- Hygienic squeegees – featuring twin rubber blades in an easy to remove cassette for hygienic cleaning and maintenance. These squeegees are heat and chemical resistant and highly efficient at removing liquids and semi solids from surfaces. Available in fixed and swivel necked, hand held and floor cleaning options.
- Ultra-Hygienic squeegees – featuring a fully moulded, hygienically designed single flexible blade. Designed for use in areas where hygiene is critical but effective at removing liquids, semi-solids and loose dry material from any surface, anywhere. Floor and hand-held versions are available in up to 12 different colours.
- Condensation squeegee - specifically designed to remove condensation from ceilings and overhead pipework. Condensate can be drained safely to the floor drain, via the hollow handle and a hose, or collected in a bottle that fits easily and securely on to the waterfed handle.
- Vikan also has a comprehensive range of squeegees designed specifically for vehicle cleaning.

## Scrapers

Scrape any surface free of stubborn debris with our extensive range of effective scrapers. Available with steel, flexible polypropylene blades, and temperature resistant nylon.

These scrapers remove sticky, oily, baked on, dried and other debris from work surfaces, conveyor belts, floors, tables, cookers, hard-to-reach areas and even curved equipment.

- Stainless steel scrapers are great for removing stubborn debris from tough surfaces, like tiles, and hot and cold surfaces. They come in a range of blade sizes, to facilitate everything from work surface to floor cleaning, and can be fitted to any Vikan handle to provide the length required.
- Plastic scrapers can be used on surfaces where a stainless steel blade might damage the surface being scraped. They are available in a range of colours, and come in handheld and threaded handle versions for extendibility.
- Nylon scrapers allow the scraping of very hot and very cold surfaces.
- Flexible plastic scrapers are available in metal detectable versions.
- Paddles scrapers are available in nylon and polyethylene.

## Handles

Every head needs a handle and at Vikan our range of handles is nearly as comprehensive as the heads they are designed to fit on to. Whether you need a plastic, stainless steel, aluminium or wooden handle, or one that's hygienically designed, short, long, telescopic, water-fed, or colour-coded, we are sure to have one that suits your needs.

- Ultra Hygienic handles, primarily designed for use with the Colour-coded product range, are available in a range of colours, and lengths, are fully moulded and easy to clean. The Ultra Hygienic handles compliment the UST broom range and Ultra Hygiene squeegees perfectly.
- The Ultra Hygienic Mini handles are ideal for use with any hand held Vikan product.
- The lightweight, ergonomically designed aluminium handles minimise the risk of occupational injury and the water-fed versions feature quick-release hose connections and insulated sleeves for a comfortable grip. Suitable for use with our Colour-coded, Microfibre and Transport product ranges.
- The ridged stainless steel handles are strong, durable, chemical resistant and suitable for use with our Colour-coded products.
- The flexible stainless-steel and nylon handles mounted on our twisted wire brush heads facilitate cleaning of curved pipework.
- Telescopic handles enable cleaning at height of remote surfaces more easily and effectively.
- Vikan's top adjustable handle, featuring a button on the handle head that allows quick and easy adjustment of the handle length, is uniquely designed for use with our Microfibre product range.
- Our traditional high quality wooden handle range are exclusively designed for use with our Classic range of products.

# Scoops

Scoop wet or dry ingredients with hygienically designed Vikan scoops. These scoops feature smooth, easy-to-clean surfaces and a one-piece construction that eliminates areas where contamination can gather.

- Available in a wide range of shapes and sizes.
- Lightweight, durable and ergonomically designed.
- Hygienically designed for food handling applications.
- Available in a range of food contact compliant colours to allow for easy segregation of use, particularly with regard to ingredients and allergen segregation.
- Also available in metal detectable versions.

## Shovels, forks and rakes

Ergonomically designed Vikan shovels, forks and rakes come in various sizes and shapes for almost any application – including food handling.

The shovels can be used for moving large amounts of ingredients waste or even snow.

- Lightweight, durable and ergonomically designed.
- Some shovels feature holes for rapid liquid drainage.
- The shovel is available in a metal-detectable version.
- Hygienic fork available for emptying fresh produce from large containers during harvest.

## Mixers

Vikan offers a wide variety of mixers, stirrers and paddles, manufactured in food contact compliant plastic or nylon, designed for virtually every processing application.

- Both excellent for mixing all liquids and viscous products.
- Nylon stirrer is good for use with hot foods and liquids.
- Fully moulded, one-piece construction is easy to clean.
- Also feature a scraping edge to help remove product from the sides of mixing vessels.
- Available in versions with holes that allow the ingredients to pass through the blade and ease stirring.

## Scouring pads and holders

Vikan scouring pads and holders are suitable for a wide range of industries and specific applications. Our scouring pads are highly effective and durable. Vikan handheld and extendable pad holders come in a range of sizes and colours and feature a secure locking system that keeps the pad firmly in place.

We also offer wash fleece products for selected applications.

- Scouring pads are effective and long-lasting.
- Pads available in colour-coded varieties: white for soft, blue for medium and brown for hard.
- Pad holder features locking system that keeps the scouring pad in place.
- Wash fleece and holder options.

## HyGo

HyGo from Vikan is the food and beverage industry's first mobile cleaning station to combine hygiene, efficiency, and manoeuvrability in a purpose-built solution.

- HyGo combines industry feedback and Vikan's own experience, making it the ideal compact solution to organise and transport sanitation tools in food production, food service, and retail environments.
- HyGo is durable and designed with cleanability in mind. Smooth, drainable surfaces, and minimal harborage points reduce the risk of contamination.
- Beyond elevating sanitation efforts, HyGo also conquers space challenges, lost equipment, and wasted time. With a fleet of customisable HyGos on the production floor, tools stay organised and get to where they are needed quickly.
- HyGo is also available in six colours to support your colour-coding programs.

Hygiene,  
Efficiency &  
Manoeuvrability  
all in one

## 5 Reasons to Try HyGo

The food and beverage industry's first mobile cleaning station to combine hygiene, efficiency, and manoeuvrability in a purpose-built solution.

- 1 Compact Manoeuvrability**  
HyGo's compact design transports your cleaning tools to exactly where you need them and conveniently rolls out of the way when not in use.
- 2 Customisable Storage**  
Not only does it come in a range of colours, HyGo can be customised to suit users' needs and preferences.
- 3 Durable Construction**  
HyGo is purpose-built and tested to take on the unique challenges posed by food handling environments.
- 4 End-user Driven Design**  
HyGo was developed in close co-operation with food industry professionals to ensure a product that meets their needs.
- 5 Improved Efficiency**  
HyGo keeps tools organised and readily accessible, reducing wasted time and effort spent searching for, transporting, and storing cleaning tools.

## Foaming equipment

At Vikan, we offer foaming equipment for use on different surfaces in a variety of industries. Versatile, effective and with minimal generation of aerosols, these tools are used to clean everything from food service areas to changing rooms at sports facilities and even swimming pools. They work purely with the pressure from your water supply system.

- Sprayers feature functional design with continually variable water supply.
- Ergonomically designed.
- Foam is applied without generating aerosols.
- Colour coding facilitates chemical identification.

## Couplings

Vikan offers high-quality couplings that make attaching and changing hoses and sprayers quick and easy.

- Couplings come in  $\frac{1}{2}$ " and  $\frac{3}{4}$ " sizes.
- Quick Fit couplings are designed to make changing spraying equipment more easy and efficient.
- Quick fit couplings are designed to make it easier to mount hoses on water taps, handles and foaming equipment.

## Water guns & hoses

We offer water guns and hoses for use in a variety of industries and applications. Versatile and effective, our water guns are used to clean everything from food service areas to changing rooms at sports facilities and even swimming pools. Our hoses are designed for use with hot or cold water, and come in  $\frac{1}{2}$ " couplings and various lengths.

- Gun sprayers feature functional design with continually variable water pressure.
- Water guns available with angled jets to hit hard-to-reach places.
- Cold water hoses can be used with water up to 40 degrees Celsius.
- Hot water hoses are designed for use with water up to 70 degrees Celsius.

## Accessories

Vikan rubber bands are the hygienic solution to secondary colour coding. The bands fit handles, vacuum cleaner nozzles and all other Vikan products.

- Allow for secondary colour-coded segregation of equipment.
- Metal detection kit is used to check the detectability of Vikan products and calibrate the metal detector accordingly.
